

Forklift Electrical Parts

Forklift Electrical Parts - Lift trucks could be particularly labeled to be utilized in dangerous locations. A marked truck indicates the design has met the lowest standards of ANSI/UL 558 for engine powered lift trucks or ANSI/UL 583 utilized for electric trucks for the type of label attached.

Applications for marked lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for more info regarding the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels can be attached. A marked truck would have the model designation put on the forklift nameplate and will have one of the following labels placed.
